Alta Historical Society

Alta Ski Area's "Avalanche Forecasting and Control Program"

presented by Dan Howlett
Snow Safety, Alta Ski Patrol

Thursday, February 4th * Rustler Lodge * 4:30 pm

Avalanches: How the Alta Ski Patrol works to keep us safe.

The Alta Ski Patrol has a unique story and heritage in avalanche control work in the United States. Come join us in their presentation about their avalanche safety and control program at Alta. It is a wonderful opportunity to learn about all the work that they do for us to keep skiers and the ski area safe.

The history of Alta's avalanche safety and control program is featured in the 09/10 Winter Edition of the Alta Powder News available online at www.AltHistory.org.
